

## Brief description

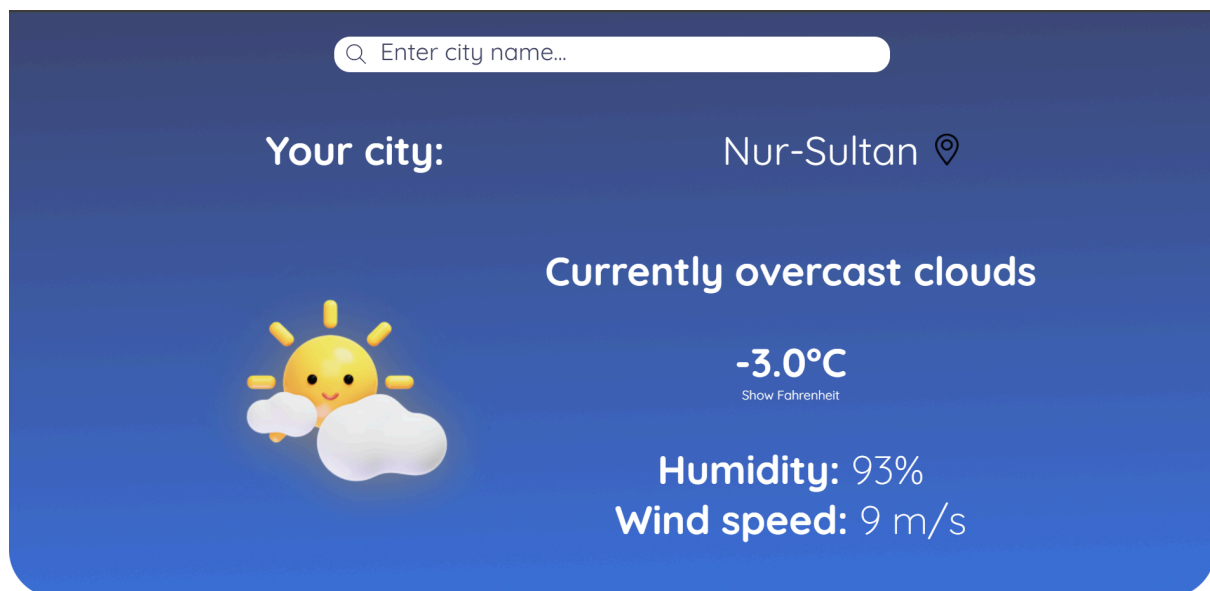

This weather app's main functions include:

- 1) Searching for cities;
- 2) You can view the weather based on your location;
- 3) Viewing the weather details:
  1. Temperature in Celsius and Fahrenheit
  2. Humidity
  3. Weather condition
  4. Wind speed
- 4) 5 day forecast which includes highest and lowest temperature, weather condition icon, date and the weather condition itself.

## How to run it?

To run the application find the index.html file and open it.

## Screenshots
