

Brief description

This app is called Cineo. Its main functions include:

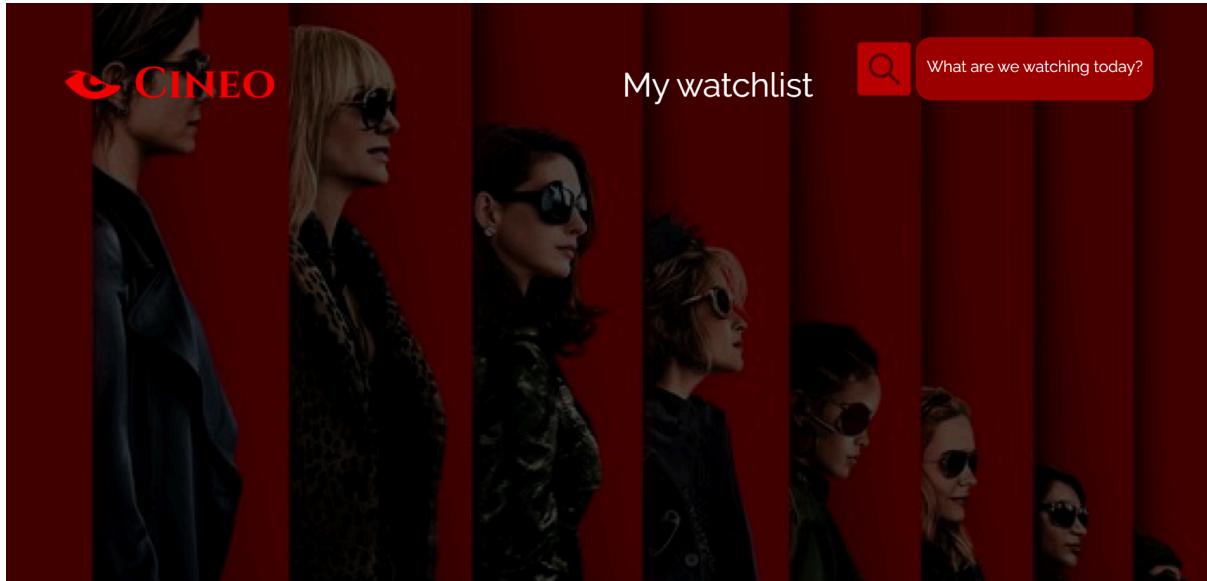

- 1) Searching for films;
- 2) Sorting them based on categories (popularity, release date or rating);
- 3) Viewing the details of the movie, this consists of:
 1. Runtime
 2. Cast information
 3. Trailer
 4. Short description for the movie
- 4) You can add the movie to your Watchlist and it won't disappear even after refreshing the page. Also there's a function to delete the movie if needed and you can see the details of the movie you saved before.

How to run it?

To run the application find the index.html file and open it.

Venom: The Last Dance 6.4	Terrifier 3 6.9	Apocalypse Z: The Beginning of the End 6.8
------------------------------	--------------------	---

The main page

The search function provides suggestions even if you type only one letter

When you click on the suggestion you need, it automatically opens the modal with movie details

7.9

[Add to watchlist](#)

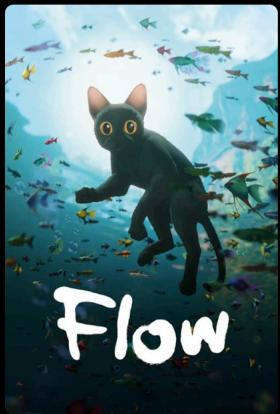

Noah must leave her city, boyfriend, and friends to move into William Leister's mansion, the flashy and wealthy husband of her mother Rafaela. As a proud and independent 17 year old, Noah resists living in a mansion surrounded by luxury. However, it is there where she meets Nick, her new stepbrother, and the clash of their strong personalities becomes evident from the very beginning.

Trailer

Here you can see runtime, description, title, cast information. Also you can watch the trailer: click the “watch trailer” button and it will automatically scroll to the needed part of the modal. From the modal, you can add the movie to your watchlist using the button under the poster.
